## RUSTY'S COULEE MARINA.....

We have been very busy this past winter! Taking a look at the Marina, each dock specifically, we have decided that the Marina needed a facelift! Beginning in the 2019 season, all slip pricing will be based on the slip length. We will do our best to match boats with the proper size of slip. This has also allowed us to see which sizes of slips we need to procure in the future. Please note that

due to the pricing of slip length, we will do our best to accommodate you with your current slip. You may also wish to transfer to a slip, that better matches the size of your boat and the pricing accordingly. Please be patient as we work through these changes to better match the needs of the Marina.

Also note, you can transfer to a larger slip if you need to accommodate 2 seadoos into one slip.

### **2019 Slip Pricing:**

Slips 12'-16' - \$800.00

Slips 21'-25' - \$850.00

Slips 30'-32' - \$1,100.00
